

See the sea: Ambition OpArt Aqua

A fresh breeze, the meditative view of the blue-green sea on an exotic beach: all evoked by the new shade of the Ambition OpArt Aqua. The cool yet soft colour of the pen looks fabulous on a modern, white desk but also goes well with other, more playful variations.

This writing utensil is a tribute to OpticalArt, a defining art form of the 60s. The slimline barrel creates exciting visual effects with its fine guilloché, producing a precise pattern of colour and shapes. The chrome-plated front and end pieces add a touch of lustre. The ballpoint pen has a twist mechanism to extend and retract the black magnum refill in line width B.

The fountain pen, too, promises perfect ease of writing with its high-grade stainless steel spring and cap that fits either end. Its spring-loaded metal clip secures the pen safely to an agenda or diary.
