

## **Creativity from the roll: Polychromos artists' pencils**

This is guaranteed to catch the eye of any creative spirit: The pencil roll in faux suede has space for three Castell 9000 pencils, one rubber and 30 Polychromos artists' pencils from Faber-Castell. The high-quality pigments used in Polychromos artists' pencils guarantee the best possible lightfastness and ensure extraordinary vibrancy that lasts for decades. The 3.8 mm leads, which are specially bonded to make them break-proof, impress with a particularly soft, strong colour laydown.

To express your creativity on the go and keep your pencils stored safely in a compact case, we recommend using this great, extremely practical roll: simply roll it up and tie it with the two wrap-around tapes for space-saving storage in a bag. A perfect creative companion for personal and professional use.
