

Stylish painting fun: Black Edition felt tip pens with brush tip

The ultimate freshness booster for everyday school life: the Black Edition felt tip pens bring lots of colour into the classroom. These trendy tools are ideal for anyone who wants more flexibility when writing, scribbling and painting. And this is how it works: depending on how the soft brush tip is guided, the line thickness changes so that both spot and surface drawing and painting can be done. Creative kids and teens can choose from up to 20 great shades, ranging from soft pastel to super bright signal colours.
